With regard to the Park Commission meeting held on November 10, 2020:

- The second round of treatment for the invasive species plan has been completed, the remaining work will be completed next spring.
- The Lillie Park Trail project will be substantially complete on November 13, 2020.
- The Park Commission unanimously voted in support of the 2021 Park Millage Budget.
- In regards to the Enhancing Food Supply & Access article in the Pittsfield Post, The Commission voiced their concern of using existing park space to meet the needs of this initiative without any discussion with the Park Commission. The Commission asked Director Biscorner to get clarification and further information regarding this initiative.
- Regarding the Waters/Oak Valley parcel, the Commission Chair (Theresa Tupacz) noticed on the Nextdoor App that individuals noticed stakes on the property and was wondering what is going on with the property. The Chair also was checking to see if the parcel could be changed on the website as it states it is still a park. The Commission requested Director Biscorner to look into the property as well as how it is represented on the website.
