Attachment #2

Oak Hills Subdivision Petition Neighborhood Leaf Collection Program

We, the undersigned, indicate our support or opposition to the proposed Township-contracted leaf collection service, attached herein, for the Oak Hills neighborhood. The Township, contingent upon Board of Trustees approval, will pay for pre-designated days and services, as outlined in the attached proposal, for residential vacuuming services at no cost to Oak Hills residents. A minimum of seventy-five percent (75%) of all Oak Hills property owners must approve of the proposed collection services in order for the Township Supervisor to take the matter for Township Board of Trustee consideration/approval.
