Call Working Session to Order

Working Session was called to order at 8:38 p.m.

Agenda Items to be Discussed:

1. Michigan Ave. Sanitary Sewer Rehabilitation and Replacement presentation, Craig Lyon, Director of Utilities and Municipal Services

Director Lyon gave historical information regarding two sewer collapses within 50 feet of each other on Michigan Avenue; one occurring in 2009 and the other in 2017. By doing this project in phases in conjunction with the MDOT projects presented earlier this evening, Director Lyon hopes to avoid future costly road replacements, premature sewer collapses from gas build-up, and provide minimal disruption to residents. See Attachment 1.

Director Lyon added that the projected cost is \$30 million but plans to look at State Revolving Fund, a low interest fund, and principal forgiveness and green initiatives to help with funding. He anticipates the entire project will take 18-24 months, with Phase 1 taking 12-14 months. He foresees construction starting Fall 2021/Winter 2022 coinciding with MDOT's construction.

Supervisor Grewal expressed appreciation to Director Lyon and Deputy Director Billy Weirich for their hard work and collaboration with Stantec on the project.

The working session adjourned at 9:05 p.m.
